

008260 2F622960

A cross-sectional view of a mechanical assembly. It shows a central vertical shaft (12) passing through a housing. The housing has a flange on the left (10) and a flange on the right (16). The shaft is supported by bearings or bushings within the housing. The housing is shown in cross-section with diagonal hatching. The shaft is shown in cross-section with a solid black circle. The flange on the left (10) has a width 'W' indicated. The flange on the right (16) has a width 'W' indicated. The shaft (12) is shown with a diameter 'D' indicated.
